

BRYAN'S LAST CRY OF DESPERATION

Mark Hanna Punctures His Charge of Boodle at Salem.

AN INFAMOUS CHARGE

Crowd of Ten Thousand Out To Hear Silver Leader at Quincy, Ill.

TEDDY TO SPEAK AT ST. LOUIS

Chicago, Oct. 9.—Chairman Hanna today made the following statement in regard to Bryan's charge in his Salem speech that the republican campaign managers were collecting a huge campaign fund from trust magnates to buy votes and corrupt election officials:

"It is Bryan's cry of desperation. He abandons all the collateral issues upon which he has made an effort to mislead the American people. He forgets the dignity of the high office to which he aspires and lowers himself to make an infamous charge. His accusation is untrue. He knows it is untrue. Therefore the public can draw its own conclusion."

Bryan at Quincy, Ill.

Quincy, Ill., Oct. 9.—Bryan began his second day's tour of Illinois here this morning. His itinerary includes six cities closing at Joliet. Wednesday the candidate will leave for a two days' trip in Michigan.

A crowd of ten thousand people listened to Bryan here. He said the coming out of so many early in the morning was evidence of the interest the people were taking in the great fight against syndicates. He had been busy for years prosecuting the republican party for grand larceny and declared that prices of nearly all manufactured articles were higher than three years ago, and that farm products were not bringing so much.

Roosevelt at St. Louis.

St. Louis, Mo., Oct. 9.—After a late breakfast Gov. Roosevelt received a number of private friends at the Planter's Hotel. At noon a committee of one hundred escorted him to the Merchant's Exchange where he made an address. Thence he went to the traveling men's sound money club and the university club. This afternoon the Rough Rider was driven to Forest Park where he mounted a horse and galloped off on a long ride. On his return he will rest and await the formation of the parade which will escort him to the Coliseum tonight.

Five to One on McKinley.

New York, Oct. 9.—James Kilduff, a wealthy westerner, has deposited twenty thousand dollars cash to be bet at the prevailing odds that Bryan will carry Ohio. Book-maker Ullman says the chances are five to one against Bryan and will take part of the bet.

To Win Back Gold Democrats.

Carthage, Ill., Oct. 9.—Bryan refused to leave his car to make a ten minute speech at Camp Point, where people were assembled in the public square to hear him. At Golden he spoke to two thousand. Here 6,000 greeted the candidate, who through this district is trying to win back the gold democrats by ignoring finances in his speeches.

Wooley Speaks in Indiana.

Logansport, Ind., Oct. 9.—The prohibition special enroute from Chicago from the South arrived here this morning. At Kokomo Wooley addressed one thousand from the court house steps. The party is well pleased with the results of the trip south.

Dolliver as a Preacher's Son.

Senator Dolliver is the recipient just now of a good deal of praise and appreciative comment. He has a right to be proud of it all. Senator Dolliver, you know, was a preacher's boy, and not one of the goody, goody ones, either. He always had considerable ginger in his makeup, and we assume used to steal away on Sunday afternoons and go fishing. When young more than once he slipped away and went in swimming on Sundays, got his shirt on wrong side foremost, went home with his hair wet and tousled, and was made to do penance. For a preacher's boy Jonathan P. Dolliver has come out pretty well after all, eh? —Carroll (La.) Herald.

Suffers an Attack of Catarrh at Wooster, Ohio. Due to Weather.

Wooster, O., Oct. 9.—Adlai E. Stevenson, who spoke here Saturday, was taken sick Sunday evening with a bad attack of catarrh and had to call a physician. The trouble was brought on by a sudden change in the weather. He was to have left early this morning to speak at Orville, but was unable to go. He says if he is better by noon he will resume his engagements, going to Millersburg and Coshocton this afternoon.

Child Gets 3,000 Miles Alone.

Seattle, Wash., Oct. 9.—"Little Trilby" McBeth, care of Annie McBeth, were the words responsible for the successful completion of a 3,000-mile journey which was practically ended last night, when the Northern Pacific train arrived at the local depot, bearing as a passenger a child not yet 6 years of age, but who traversed the continent from Austin, Tex., to Seattle in a passenger coach, with nothing to make her destination and identity known save a slip of paper attached to her dress, on which were inscribed the words quoted. Little Trilby left Austin seven days ago.

WAS A QUIET DAY FOR REGISTRATION

ABOUT THE USUAL NUMBER OF NAMES BEING RECORDED.

The New Election Lists Are Being Made Up From Those of Last Year—Some of the Precincts Have Three Days of Registration—Be Sure and Register Tonight.

Today is the first day for registration and all voters should see that their names are on the polling lists in order that they will have no trouble in casting their ballot on November 6. The second day for registration is November 30. It is not absolutely necessary that a man should appear in person at the polling booths today in order that his name may be registered. If you have changed your place of residence since the last election or your name was not on the list see that it is registered at this time. If you are not registered and do not register today it will be necessary for you to appear in person at the polling booth October 30th and register.

Some of the precincts have three days of registration, today, tomorrow and also on the 30th. The precincts that hold but one day's registration at this time are those that have three hundred or less voters in them. All that have more than three hundred registered voters hold a two days' sitting. The precincts that are open but one day at this time are: 1st precinct, 1st ward; 1st and 2nd precincts, 2nd ward, and second precinct of the 3rd ward, in all other precincts the board of registration will be in session today and tomorrow.

If you should not be registered at any of the meetings of the board and are otherwise qualified to vote you can swear in your vote on election day. This, however, makes a great deal of trouble which can be avoided by seeing that your name is on the polling lists. It was a quiet day at all the registration booths, about the usual number of votes being registered. The new list being made up as far as known from the previous one.

Re-covering Furniture.

Re-covering of a partly moth-eaten set of furniture will, of course, be necessary in the fall. The plush might still be retained and new material chosen which would harmonize. Printed velvet has remarkable durability and comes in a variety of prices. There are also many serviceable woolen stuffs. All cotton goods, however, attractive, are, of course, to be avoided.

SATURDAY'S GAME TO BE FOR BLOOD

BELOIT AND WISCONSIN WILL MEET AT MILWAUKEE.

Beloit Seems to Have the Advantage of the Varsity if a Comparison of Scores in Any Criterion—Janesville Students Honored at the Recent College Elections.

Madison, Oct. 9.—[Special.]—The football situation seems at present rather critical for Wisconsin. Coach King appears greatly disappointed over the poor showing made by the varsity against the P. and S. team last Saturday, and the hardest kind of work will be given the candidates during the first four days of this week in preparation for the game with the strong Beloit eleven at Milwaukee next Saturday.

Beloit defeated the Ripon college team last Thursday by a score of 78 to 0, while the varsity on the Saturday previous was able to run up a score of but 50 points against the same eleven. Thus Beloit seems to have a decided advantage over Wisconsin, if the comparison of scores is any criterion.

The game at Milwaukee next Saturday will certainly be a battle royal, as the Congregationalists from the line city have ever been among the varsity's most worthy foes.

Manager A. K. Wheeler left for Milwaukee this morning, where he will be busy the entire week making preparations for the accommodation of the large crowds that will attend the game.

Two Janesville students in the state university were honored at the recent election of officers of the senior class. Miss Harriet Bostwick was elected to the office of secretary and will be charged with keeping the official records of the class. The honor of custodian of the pipe of peace was conferred upon Robert Knoff. The pipe of peace which will be in Mr. Knoff's care for the coming year is a ponderous affair, five feet in height, which has been handed down from one graduating class to another since the earliest days of the university. Each succeeding class has left its colors upon the pipe, until it has now attached to its stem a mass of many colored ribbons.

WATER IS RISING; DANGER OF A FLOOD

The Wisconsin River at Portage is Near the High Water Mark—Rise of a Foot Yesterday.

Portage, Wis., Oct. 9.—The Wisconsin river has risen a foot since six o'clock yesterday morning. At seven o'clock last evening, the water registered 10.4, but above low water mark. Wagon roads below the city are impassable and there is much danger of another flood. Water is sweeping through the levee in weak places. The river must rise fourteen inches to reach the high water mark of last spring. A message from Kilbourn says the river is rising an inch an hour and is already higher than at any time last spring.

Convention in Spanish Arenas.

Madrid, Oct. 9.—The bull fights held throughout the country on Sunday were marked by a series of casualties that has thrown a gloom over the various communities. In the arena at Madrid Bombita, the toreador, was badly hurt. Parraz, the toreador of Granada, was also seriously injured. A matador named Dominguez bravely exposed himself to save a picador in the Barcelona ring, and was gored terribly by the infuriated bull. He is now dying in the infirmary, where a priest has administered extreme unction to him.

New York, Oct. 9.—A dispatch to the Journal and Advertiser from Cape Town says: "A proclamation of peace in South Africa is expected to be issued by Field Marshal Roberts on Thursday next, that being the anniversary of the declaration of war. Forger Ends His Life.

New York, Oct. 9.—John D. Barton, who under several aliases, including that of Harry Odell, had swindled banks and business men in many cities of the country by means of forged checks, committed suicide by poisoning in the Suffolk county jail at Riverhead, L. I. Among the later operations of Barton, alias Odell, was one whereby he induced the Northport bank to cash a worthless check drawn on the Bank of Allegan, Mich., for \$325. He was wanted also in Chicago.

"Dense" Kansas Man Enlightened.

A citizen of Lawrence, Kan., ventured into church the other evening and had a long-cherished belief rudely shattered. "I never knew until I went to church last night," he said next morning, "that Sodom and Gomorrah were towns. I always thought they were husband and wife. Funny how a man can get things wrong once in a while."

BEAVER DAM GREETED BOB LA FOLLETTE

GREAT CROWD GAVE HIM AN OVATION LAST NIGHT.

Discussed the So-Called Paramount Issue of Imperialism—Littlefield Makes an Address at Madison—Monster Mass Meeting Proposed for Milwaukee, Saturday, Oct. 13.

Beaver Dam, Wis., Oct. 8.—Robert M. La Follette arrived in this city at 5 o'clock yesterday afternoon and was given an ovation as he stepped upon the platform at the station. Upward of 200 of the leading citizens of Beaver Dam and Dodge county were there to bid him welcome. The city band was there with patriotic airs with which they strove in vain to pitch above the applause of the multitude.

Results of Republican Rule.

Mr. La Follette was received with a hearty round of applause. He was in excellent voice and his address had a marked effect upon his auditors. It was the first time that he ever faced an audience in Beaver Dam and he thanked the chairman for his kind words and the audience for their greeting. With an appeal to his hearers to lay aside party prejudice he took up and discussed the so-called paramount issue of imperialism.

Mr. La Follette left here at 2 a. m. for Necedah where he will speak this afternoon and proceed thence to Mauston for the evening meeting.

MUSICAL EVENT AT SCHOOL FOR BLIND

Private Musicals for the Benefit of the Pupils Will Be Given There This Evening.

A musical event of note took place this afternoon at the Wisconsin School for the Blind. Miss Jeanette M. Beckworth, musical instructor for the school, made arrangements with Professor Torrens to give a private musical for the benefit of the pupils.

Mrs. Beach and Chas. E. Singinger, the eminent vocalist of Chicago, together with Mrs. Ray, the noted pianist from Rockford, and Miss Kennedy, a talented contralto, also from Rockford, assisted by the orchestra and talent in the school, took part in the musical. The pupils were exceedingly gratified to be able to hear these noted artists. There is nothing that these afflicted people enjoy more than music.

The singing of Mr. Singinger, Mrs. Beach and Miss Kennedy and the instrumental pieces by Mrs. Ray gave great pleasure to the audience. The management of the school and the pupils are under great obligations to Professor Torrens for furnishing to them an opportunity to hear these eminent artists.

REJOICING IN PATERSON, N. J.

Big Order for Locomotives Assures Work for Many Men.

New York, Oct. 9.—Announcement that the Cooke Locomotive Works in Paterson, N. J., had received an order for fifty-eight engines to be built for the Southern Pacific Railroad company has caused universal rejoicing among the locomotive workers in Paterson, as since the closing of the Rogers works the outlook for engine-building has been rather discouraging. As the locomotives are to be built in a hurry, night and day forces will be organized. The work is to begin at once, and the men have been promised steady employment for six months. Already 300 men who were formerly in the Rogers works have secured employment.

Each of the locomotives to be built will weigh 100 tons, and the cost is estimated at \$10,000 each. There are about 1,000 men in Paterson who were employed in the Rogers locomotive works. Three weeks ago Mr. Rogers announced that he would close the works and quit the business. The city has since been making efforts to save the industry.

BRYAN AND TEDDY MEET IN ILLINOIS

Shake Hands from Two Trains Standing Side by Side.

SEND ROSES TO BRYAN

Expressions of Kindly Greetings Float Across Night Air from Train to Train.

BOTH CANDIDATES CHEERFUL

St. Louis, Oct. 9.—Governor Roosevelt and William J. Bryan met at East Alton, a mile from the famous Lovejoy monument, at 10 o'clock last evening. The governor's train, bound for East St. Louis, halted on a side track at East Alton for orders. Back at Alton 7,000 or 8,000 democrats and republicans shouting for Bryan and Roosevelt, were jamming the tracks and streets.

Mr. Bryan's train, bound from East St. Louis to Alton, slowly drew up alongside of Governor Roosevelt's train. Cheers came from both trains as it was realized that the democratic candidate for president and the republican candidate for vice president were almost face to face.

Mr. Bryan, looking thin of face, came out on his car platform. Governor Roosevelt came to his own car platform. Two hands were extended in the dark, but only finger tips could barely reach. The distance was so great a good handshake was impossible.

"How do you do, Mr. Bryan?" said Governor Roosevelt.

"Well," said Mr. Bryan, "how are you?"

Meeting of Brief Duration.

The former allowed he was very well and the two who had not met since Labor Day in Chicago, bowed and parted, Governor Roosevelt to go to the crowd Mr. Bryan had just left in East St. Louis. Mr. Bryan to face the crowd Governor Roosevelt had just departed from in Alton.

Richard Yates poked his head out of a car window and saluted Mr. Bryan with the question:

"How is your voice?"

"Doing fairly, so, so," said Mr. Bryan.

"How is yours?"

"As rough as a populist platform," replied Mr. Yates.

"And mine," said Mr. Bryan quite slowly, "is as broken as republican promises."

One of the women in Mr. Yates' car put her head out of a window and held out a bunch of white roses to Mr. Bryan. Many expressions of kindly greeting floated across the night air from train to train.

Mr. Bryan met John H. Rafferty, who was at the Victor riot and asked him if the newspaper accounts of that affair were true. Mr. Rafferty said they were. He added that the trouble was evidently caused by irresponsible people and started over a Bryan banner which had been taken away from a woman, that Senator Wolcott had not been over discreet in his campaign conduct and that the riot was probably not premeditated.

Thinks Wolcott is to Blame.

Mr. Bryan observed that he would not be surprised if Senator Wolcott was responsible for it.

To the statement that the Roosevelt party had no spree at Senator Wolcott's home, as charged by the Rocky Mountain News, Mr. Bryan said:

"I did not suppose that it was true." The two trains stood side by side for all of ten minutes. The crowd on each train vied in courteous treatment of each other. Mr. Bryan was in the best of humor and so was Governor Roosevelt. Finally the signal was given to start.

Some one shouted: "Hurrah for Roosevelt." The people on the Bryan car laughed.

Then came a voice: "Hurrah for Bryan," and the laugh was on the other car. Mr. Bryan went Northward, Governor Roosevelt southward.

On the Roosevelt train a lady exclaimed: "What people the Americans are; think of two rival candidates meeting like that and everybody glad to see everybody else."

The incident pleased Governor Roosevelt and Mr. Bryan seemed to enjoy it fully as much.

His Deserts.

The newly-elected mayor of a country town was about to make his first journey in that capacity through the place. The townspeople had arranged that from a car of flowers under which he was to pass a floral crown should hang, surmounted by the words, "He well deserves it." But the wind blew away the crown, and when the pompous mayor passed under the arch, to the great joy of those who had voted against him, only a rope with a noose at the end of it dangled there, with "He well deserves it" standing out in bold relief above it.—New York Evening Post.

Social and Personal News Notes
From Milton.

THE GAZETTE AGENCY
W. W. CLARK, Manager,
Milton, Wis., Oct. 9, 1900.

A farmer talks of voting the democratic ticket because if Bryan is elected farm hands can be hired for two or three dollars a month less. If this theory is true, who will the farm hands be apt to vote for? This farmer gets enough more from his milk every month to pay the increased wages of his man for a whole year or more as compared with the Bryan times of four years ago to say nothing of his increased income from the higher prices realized for his hogs, cattle, grain and everything else he sells. There are a few people who don't know enough to keep a good thing when they have it.

The car load shipments of freight from this station last week included three cars of hogs by Vincent & Hasseger, one car each of oats and barley by Geo. R. Fetherston, one of barley by Wildman & Traver and one of household goods by F. B. Sherwin. H. Jackson has on exhibition the largest pumpkin ever seen here. It weighs forty-nine pounds.

A mistake was made in announcing the death of Mrs. Margaret Hutton in yesterday's paper. A letter was received in this city which stated that Mrs. Hutton had suffered a stroke of "paralysis," and while it did not say she had died from the effects of the stroke, it said that the funeral would be held in Chicago. It was thought that she must have died, or nothing would have been said about holding the funeral.

HOW TO ECONOMIZE.

SOME men economize so closely on the number of words in a telegram that the receiver cannot understand it. This is not sensible economy. Neither is it sensible economy to ruin garments of value with cheap soap or powerful chemicals that eat into the fabric. True economy uses Ivory Soap in the laundry. It is the most of pure soap that can be sold for the money. Chemically it is as innocent as water. Yet it does everything you can ask of a soap. Try it!

These Facts Must Convince Every Janesville Reader.

That which follows is the experience of a resident of Janesville. Incredulity cannot exist about the statement because it can easily be investigated.

Mr. H. P. Hanson, of 103 Pleasant St. engineer, employed at the Janesville Machine Co., says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with a lame back or any kidney disorder. After procuring them at the People's drug store and taking them I felt better slept better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills."

Cleaning House

Once or twice a year the good housewife has a thorough house cleaning. The house has been swept and dusted every day in the year, but the housewife knows that in spite of vigilance dust accumulates in cracks and corners, and is only to be removed by special effort.

It's the same way with the body. You look after it every day. You take all the ordinary precautions of cleanliness and health. Yet the body needs its special cleaning to rid it of the accumulations of waste and poisonous matter which invite disease. Doctor Pierce's Golden Medical Discovery, taken regularly once or twice a year, would save many a sickness. It purifies the blood, strengthens the stomach, and cleanses the body of poisonous accumulations.

"Last spring I had a severe attack of pneumonia, which left me with a bad cough, and also left my lungs in a very bad condition," writes John M. Russell, Esq., of Brent, Cherokee, N. C. "I had no appetite and was so weak I could scarcely walk. My breast was all sore with running sores. I got two bottles of Dr. Pierce's Golden Medical Discovery, which I have saved my life. I cannot express my gratitude to you. I am able now to do very good work."

Dr. Pierce's Medical Adviser, in paper covers, sent free on receipt of 21 one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Says Dispute Is Not Settled.
Indianapolis, Ind., Oct. 9.—W. B. Wilson, secretary-treasurer of the United Mine Workers of America, issued a statement in which he says in part: "All of the coal operators having now conceded an advance in wages, it can be truthfully said that the miners of the anthracite region have achieved a great victory. Yet the dispute is not settled, nor will it be even though the miners accept the proposition of the operators and return to work. The sliding scale, dockage, semi-monthly pay and other grievances complained of by the miners have not been considered in the proposition of the operators and the advance in wages is so complicated with the reduction in the price of powder that many of the miners do not understand it. Under these circumstances the surest and best method of securing a settlement and establishing permanent peace would come from a meeting of the operators with the anthracite miners when they meet to consider the offer of the coal companies."

THEN AND NOW.

It is apparent to the most casual observer, and particularly apparent to the man who toils for wages, that times have wonderfully improved during the past four years.

The campaign of 1896 was noted for a campaign of idleness and leisure. Factories by the thousands were idle, and a great army of men were unemployed. Economy of the most rigid sort was the rule, and not the exception, and the bare necessities of life were difficult to procure, in very many homes.

The men in business, whether manufacturing or merchandising, discovered frequently that the balance was on the wrong side of the ledger, and the conditions of trade were badly demoralized.

The nation's credit while not impaired, was threatened, and our gold reserve was only maintained by stated bond issues. The balance of trade was against us, and the outlook was not at all hopeful.

In the winter of 1896-97 a change was noticed. The clouds of gloom that had hung over the business and industrial world, like a pall, commenced to dispel. Factory doors were thrown open, and the busy hum of machinery floated out on the air like sweet music, filling many homes with happiness.

Confidence, that had been so badly shattered, was restored, and out of the stockings and hiding places, where gold had been carefully hoarded, flowed a stream of wealth, seeking investment. The banks were soon loaded with money, our exports steadily increased. The gold reserve in the national treasury, soon passed the \$100,000,000 limit, and general prosperity blessed the land in every quarter.

These prosperous conditions continued, until there was a surfeit of capital,

and a scramble for almost any kind of investment resulted. Industrial stocks that had been neglected, took on new life and the shrewd promoter was not slow to recognize and take advantage of the situation. Combinations and trusts of various kinds were created, and millions of money was speedily invested in stocks whose only value was in the paper on which the certificate was printed.

The year 1899 will be recorded in history, as the great era of industrial stock speculation. But the faithful historian will look in vain for anything like a panic in these months of solid investment. Great blocks of capital were lost by speculation, without disturbing the money market, a condition unparalleled in the history of the country.

The year 1900 is the golden year. Every man in business throughout the length and breadth of the land, who has given intelligent management to his interests, has made money. Every artisan possessed of a willingness to work, has found employment at remunerative wages, at his door. If thrifty and economical he has been able to change his position and become a capitalist, by having a bank account of his own, and thousands of working men have thus climbed the first step of the ladder towards independence.

With individual prosperity has come national prosperity and America stands today a peer of nations in national wealth of many kinds.

What has caused the difference between the "Then and Now." Bryan says "Providence." Roosevelt says "Republicans." The New York governor also says that possibly the republican party has formed an alliance with Providence, and suggests that the democratic party that has fused with almost everything else, should have taken advantage of the opportunity that Providence offered.

There is no doubt that an all wise Providence has blessed this goodly land during the McKinley administration. Neither is there any doubt that the administration has possessed the wisdom, honesty, courage and ability to successfully guide the ship of state through the troublesome waters of war, anarchy and disloyalty.

The past eight years have tested the governing ability of the two great parties. Democracy, untrammelled for the first time since the war of the rebellion, had full control from 1892 to 1896. The republican party has enjoyed like possession for the past four years. The two eras furnish an object lesson that he who runs may read.

The popular verdict in November will set its seal of approval upon the McKinley administration and four years more of prosperity is assured.

BRYAN'S GREENBACK IDEA.

It is Similar to the National Debt Paying Scheme Avowed by Bryan in 1896.

The Bryan financial scheme is apparently the grand old idea that carried the democracy of Ohio off their feet in 1896, and that was simply to print enough greenbacks to pay of the national debt and have done with it. This beautiful thought had a majority in the convention that nominated Seymour and Blair. The actual conversation referred to was this:

Energetic Greenbacker opened the talk by saying: "Hello, you, here; don't you think you want more money? Don't you think we all ought to have some more money?"

Second Citizen (speaking mildly)—Well, yes, I think I'd like to have some more money, and—

Energetic Citizen and Leading Democrat—Well, then, why don't you help us have it? What are you standing around for? Why don't you come and go with us? You want more money, and I want more money. If we all say so we can have it, can't we? Ain't the people going to rule this country any more? If we say print the money they'll print it, won't they? You belong right with us.

Second Citizen—But how about redeeming it? How about paying it up? Stalwart Democrat (again)—Redeem it! What the devil do you want to redeem it for? Let it wear out, and print more of it!

Now, that was the grand old way of paying the national debt in '96. It doesn't look unlikely that Mr. Bryan will have to make that the paramount issue in this campaign after all, for there will be wildfire in the woods about the protectorate in the Philippines and the Monroe doctrine in Asia.—Murat Halstead.

CORN CONSUMPTION.

What Business Activity Means to Farmers Who Feed Millions of Wage Workers.

The corn crop of the United States will bring to the farmers more money in 1900 than ever before. The department of agriculture reports the price of corn during the first week of September as more than double what it was in 1896 and much higher than at any corresponding date since that time. This increased price is due both to the increased consumption at home and the efforts made by Secretary Wilson, the present head of the department of agriculture, for an enlargement of American markets abroad.

With business activity and people in every line of industry actively employed, the home market is by far the most important one to the farmer; while with business depression, factories closed, mines running on half time, railways with light earnings and a reduction of employees, the consump-

tion and prices in the home market are correspondingly reduced. This is illustrated by the fact that the home consumption of corn fell off \$450,000,000 in 1894 as compared with 1892, and that the price of corn in Chicago in 1896, at the close of the democratic and low tariff period, was less than one-half what it is to-day.

The table which follows shows the home consumption and exportation of corn in 1892, 1894 and 1899, and the exportation only in 1899, the home consumption figures for that year of course not being obtainable:

Year.	Home Consumption.	Exportation.
1892.....	1,933,657,995	76,902,285
1894.....	1,553,638,501	65,459,525
1899.....	1,746,333,755	177,255,046
1900.....	2,043,445,272	

*Export figures are for fiscal years.

Porto Rico's Trade.

The imports and exports of Porto Rico for the month of May, 1900, were each about 100 per cent greater than for the corresponding month of the year 1899. This is the poverty and distress to which the Democratic platform, said the Republicans had doomed the island.

A commercial achievement is far better than a Bryan theory in the bush.

Majority in New York.
The Republicans will be satisfied with nothing less than a majority of 300,000 in the state of New York this fall, and they feel confident of securing it.

It is said that..

Flannel Waists

Will be very popular. Everybody in waistdom says it. If everybody is right, we'll do an enormous business in Flannel Waists this fall, for we've gathered lavishly. What is more adapted as a waist fabric than flannel? What is more serviceable? What more stylish? The tail-or made styles in this collection of ours are nobly "mannish."

Plain French flannel Waists, hemstitched, all colors, all sizes, \$3.50. Fancy French flannel Waists, contrasting embroidery, \$5.50. Flannel Waists for ordinary wear, two special values in black, blue and cardinal, \$2.50.

Silk Waists

Were never prettier. The styles we are showing for early fall wear are artistic in design, and represent the best efforts of a leading manufacturer. No dressmaker could put such style and finish into them at anywhere near the price we ask. There's a line at five dollars which would interest you and you are invited to see them.

New Silk

Petticoats..

The story this evening is of a lot of a hundred strikingly handsome silk petticoats which we snapped up at a third less than regular prices. The maker loses—you gain. They are all high grade skirts of thoroughly reliable silks and are special values at \$6, \$7.50, \$10, \$12 and \$13.50; positive values 1-3 to 1-2 more.

DOUBLE WEDDING THIS AFTERNOON

BRIDES AND GROOMS ARE WELL
KNOWN IN JANESVILLE.

Miss Emma Rowe and L. E. Johnson—
Miss Edna Johnson and Frank
Ranous—Ceremony Witnessed by
Fifty Guests at the Home of Regis-
ter of Deeds and Mrs. O. D. Rowe

Beneath a beautiful bower, constructed
and surrounded by palms, potted plants,
roses, ferns, carnations and smilax, a
double wedding ceremony was performed
at 4 o'clock this afternoon that united
as husband and wife Miss Emma Rowe
and L. E. Johnson and Miss Edna
Johnson and Frank Ranous.

Guests to the number of fifty wit-
nessed the ceremony, the greater portion
being relatives of the interested parties.
Rev. Robert C. Denison, pastor of the
Congregational church, tied the nup-
tial knot.

The wedding was conducted on simple
lines there being no pretention to make
it an elaborate affair. The ceremony
took place at the spacious Fifth avenue
home of Register of Deeds and Mrs. O.
D. Rowe. The rooms presented a most
inviting appearance the decorations be-
ing in cut flowers and autumn leaves.

At 3:45 o'clock the sweet strains of
Loehugren's wedding march rendered by
the Orpheus Mandolin club announced
to the guests the coming of the pros-
pective brides and grooms.

From the hall on the second floor the
two couples marched, Miss Rowe and
Mr. Johnson being first to descend the
stairs to the decorated parlors on the
first floor. They took their places fac-
ing the Rev. Denison. The ceremony
that united Miss Rowe and Mr. John-
son was performed first.

Then followed the tying of the nup-
tial knot that united Miss Johnson and
Mr. Ranous.

Married in Traveling Gowns.
Both brides were married in their
traveling gowns. After ex-
tending hearty congratulations the serv-
ing of a dainty repast took place under
the supervision of Mrs. Louise Bower-
man, the well known caterer.

The tables were tastefully and hand-
somerly decorated. The brides' table
was decorated in pink and white, and
seated only the brides and grooms.

Members of the Girls' club, to which
the brides belonged, had charge of the
tables, the members being the following
ladies:

Misses:
Helen Einfeld, Josephine Sator,
Edith Hayward, Bell Stoddard,
Helen Kelly, Katherine Einfeld.

At the door the guests were ushered
by Miss Lillie Schottie and Miss Leah
Rowe.

Parties Are Well Known.
The brides and grooms are all too
well known to need any lengthy intro-
duction. Miss Rowe is the daughter of
Register of Deeds and Mrs. O. D. Rowe.
By her genial disposition and noble
character she has made fast friends of
numerous acquaintances. In the Janes-
ville high school class of '99 she gradu-
ated with high honors.

Mr. Johnson is the youngest son of
Mr. and Mrs. E. C. Johnson of the
Hotel Myers. He at present holds the
responsible position of collection clerk
for the Rock County National bank.

Miss Johnson is the daughter of Mr.
and Mrs. E. C. Johnson and is a young
lady of whom nothing but good can be
said. Having grown to womanhood in
Janesville she numbers her friends here
by the score.

Mr. Ranous is the youngest son of
Mr. and Mrs. C. E. Ranous of this city.
He now makes his home in Fond du
Lac where he holds an excellent position
in the freight office of the Chicago &
Northwestern railroad company.

Short Wedding Trip.
This evening Mr. and Mrs. Johnson,
and Mr. and Mrs. Ranous will leave for
the north on a brief wedding trip.

Mr. and Mrs. Ranous will go to house-
keeping in a cozy furnished dwelling
that now awaits them at Fond du Lac.
Mr. and Mrs. Johnson will occupy a
suite of rooms that have been fitted new
throughout at the Hotel Myers.

Numerous Janesville friends as well
as acquaintances throughout the county
join in extending congratulations.

Both couples were the recipients of
many beautiful and costly gifts, con-
sisting of jewelry, silverware and useful
pieces of furniture.

Some of the Guests
Among the guests who witnessed
the ceremony from out of the city were:
Delavan—Mr. and Mrs. W. H. Cheney, Mr.
and Mrs. Ron Hollister, Fred Hollister and
Miss Florence Rehrick.

Mary Cheney, Miss Marie Cheney, Roy Young,

ternoon Whist club at the home of Mrs.
Baker, Park place, yesterday afternoon,

spent in playing whist, after which an
elaborate tea was served. One of the
features of the afternoon was the sing-
ing of a selection from Italian opera by

VERY FEW CHANGES MADE BY
METHODIST CONFERENCE

Lack of Interest in the Twentieth Cen-
tury Forward Movement—Thank
Offering Movement Also Slow—Sta-
tistics Show That Church in Win-
consin is in a Prosperous Condition.

There were very few changes in
the appointments at the Methodist
conference at Appleton this year. All
the higher class of charges seemed to
be locked up. The cabinet and bishop
were disposed to curb the restlessness
both on the part of pastors and churches.

The upper appointments
growing out of the removal of the time
limit being closed there was little
chance for promotion and the result
was a slate with fewer changes in it
than usual.

In the following list of Janesville
District appointments it will be no-
ticed that Rev. Walter A. Hall has
been sent to Court Street church and
Rev. W. W. Woodside to the First
church.

Methodism Must Wake Up.
Yesterday's conference session was
largely devoted to the reports of the
standing committees.

The Rev. George H. Trever presented
the report of the committee on the
Twentieth Century Forward move-
ment. The report deprecated the
great lack of interest in the cause
and recommended that the Sunday be-
fore Thanksgiving day be especially
set aside in the interests of the move-
ment. The report also recommended
that presiding elders and pastors
cheer up and revive their interest in
the work.

Dr. Samuel Plantz, chairman of the
State committee, stated that though
literature concerning the Thank Of-
fering movement had been placed in
every Methodist home in the state,
hardly a "ripple of enthusiasm" had
been aroused. He said that Method-
ism was bound to one of two alterna-
tives—she must either wake up im-
mediately or drop the great cause on
the spot.

Bishop Mallieau supplemented
these reports with a strong plea for
raising \$100,000 at least for the en-
dowment of Lawrence university. Es-
pecial attention was drawn to the need
of endowment for a chair in English
Bible.

Statistical Summary.
The statistical summary of the con-
ference shows 1,460 probationers, an
increase of 221, and 20,703 members,

BADLY HURT BY A CIRCULAR SAW

Fred Funk, an Employee of the Parker
Pen Company, Receives a Bad
Cut on His Left Arm.

Fred Funk, an employee of the Park-
er Pen company, met with a serious ac-
cident this morning. He was at work in
the factory, running a small circular
saw, and in some manner his left arm
came in contact with the swiftly revolving
saw and in an instant he had a bad cut
in his arm between the wrist and
elbow, about eight inches long.

Fortunately no arteries were cut.
The injured young man was taken to
Dr. Gibson's office where the cut was
sewed up and the young man made as
comfortable as possible.

HARRY GILFOIL IN A
TRIP TO CHINATOWN

Harry Gilfoil began his theatrical life
as the waiter in "A Trip to Chinatown"
when it was put on the road five or six
years ago. His whistling specialty
drew attention to him and he was one of
the favorites during the first long run of
the farce. Now he has graduated to the
top and he acquires himself well. His
portraiture of the man with one lung
missing, is a little coarse and sometimes
profane, but it is funny just the same.

He should get rid of the habit of swear-
ing on the stage. That is not humor.
It is vulgar and it shocks a great many
people. Aside from this frequent profan-
ity and just a trifle too much horse
play the old time favorite was very well
rendered. The singing, solo and chorus
and the dancing was very fine. There
was a fair audience.

ROUT THE IMPERIAL FORCE.

Five Thousand Triads Defeat the Chinese Troops.

EXTERMINATING THE BOXERS.

Kang-Kang Ordered to Prostrate Himself Before the Image of the German Minister, Baron Von Kotteler—Russians Advancing Northward.

London, Oct. 9.—According to a Canton dispatch, a force of 5,000 Triads has defeated the imperial troops and seized several places between Mirs Bay and Deep Bay. "They are now moving southward," says the dispatch, "and the viceroy has sent Admiral Ho and General Tong to oppose them."

The Shanghai correspondent of the Times, wiring, says:

"It is reported that French troops hold Lu Ko Chiao, on the Lu Han railway. The Russians and Germans hold the Pei Tang forts, and have also taken Tong Shan and the Kai Ping mines, thus monopolizing the coal supply in north China. It was expected that Count von Waldersee would maintain an even balance between the powers, whereas the actual result of the operations places all the strategic positions in the hands of other nations. A strong feeling prevails that the situation is daily becoming more gloomy."

French Expedition Planned.

Shanghai, Oct. 9.—A French expedition, consisting of 1,000 men and sixteen guns, will leave here on Saturday. It will go in the direction of Pao-Ting-fu, for the purpose of visiting the Catholic villages. M. Pichon, the French minister, says that the expedition will not attack imperial troops, should they be encountered. He says that the imperial soldiery is engaged in the work of exterminating the Boxers. Two edicts have been issued by the emperor. One decrees the degradation of Prince Tuan, Prince Chwang and seven others. In the other edict Kung Kang, the grand councillor, is ordered to prostrate himself before the image of the murdered German minister, Baron von Kotteler, and to offer obsequies and sacrifices. The viceroy at Tientsin is commanded to facilitate the shipment of the body to Germany, and the minister at Berlin is instructed to apologize. Both edicts are considered to be weak efforts at placating the powers.

Alles Control Shan-Hai-Kwan. St. Petersburg, Oct. 9.—Admiral Alexieff, in reporting the occupation of Shan-Hai-Kwan, on the gulf of Liao-Tung, says:

"In accordance with an agreement of the admirals the forts have been divided among the different nations. The town has not been occupied, but the gates are guarded by artillery. The forts are nearly intact and the whole route from Hong-Ken to Shan-Hai-Kwan is now occupied by the Russians. After the occupation of Shan-Hai-Kwan the Americans refused to further participate in the operations. Part of the Russian force is advancing northward."

Four Persons Killed and Fifteen Wounded at Guayama.

RIOTERS ASSAIL THE POLICE.

Lee Sticks, Stones, Revolvers and Machetes—Excitement Due to Election and Interference by Authorities at Meetings Causes the Outbreak.

San Juan De Porto Rico, Oct. 9.—A dispatch to the News from Guayama says there was a serious political riot at that place last night, and that the fighting was resumed today. Several hundred shots were fired, and at least four persons had been killed and fifteen wounded. The police while attempting to quell the trouble last night were attacked by a mob armed with sticks, stones, machetes, and revolvers. The mob was re-formed today by 100 men from Arroyo. Fifty additional police from other towns arrived at Guayama at noon today. There had been slight disturbances in Arroyo and Guayama for three days, owing to the election excitement and the interference of the insular police in meetings in the cities. At last accounts the rioters were practically under control.

Gen. Chaffee's Men March.

Tientsin, Oct. 7 (via Shanghai, Oct. 9).—Gen. Chaffee reviewed the American forces today in the open space between the Temple of Heaven and the Temple of Agriculture. The force consists of the 9th and 14th infantry regiments, the 6th cavalry and the 5th artillery. Mr. Conger, M. Pichon, the French minister; Sir Claude MacDonald, the British minister; M. Joostens, the Belgian minister, and the generals commanding the allied forces were present. The soldierly bearing of the American troops created much favorable comment.

The composite force of 8,000 men, chiefly British and Germans, will probably start for Pao-Ting-fu at once. Sir Robert Hart, director of the imperial marine customs, regards the expedition as likely to delay the peace negotiations without accomplishing any valuable end.

WOMAN'S DAILY GRIND

Office women are frequently afflicted with sickness brought on by constant work in one position. Perhaps in going to the office, they get their feet wet and sit all day long with damp shoes and stockings.

Nothing in the world is so injurious. Wet feet, hard work, and confined positions have made invalids of a great many robust and ambitious young women.

A young lady from Denver, Colo., recently wrote a letter to Mrs. Pinkham, which aptly pictures the condition of a great many young women. She says:

"This is the first opportunity I have found to write and thank you for the good your Vegetable Compound has done me. I feel better than I have for years. It seems a 'seven days' wonder' to my friends. Where I used to be pitted, everything is the opposite now, and there is not a day but what some one wants to know what I have done to make myself look so well. Before taking Lydia E. Pinkham's Vegetable Compound I had constant headaches, was constipated, bloated, eyes weak and watery, bearing-down pains in the small of my back and right side; took cold very easily, which always caused intense pain in the ovaries, and I did not want to go anywhere or see any one. I was called cross, but I could not help it, feeling as I did. I could not lift anything or do any hard work without suffering for days afterwards. Menstruation lasted for eight or ten days, the first three or four days being almost constant pain day and night."

What a picture this is, and how unnecessary! Read the letters which follow and see how easy it is to overcome woman's suffering when you go the right way about it.

Nothing in this wide world has relieved so much female suffering as has Lydia E. Pinkham's Vegetable Compound; no medicine can produce such positive proof of cures and good results; therefore, no other medicine can be "just as good." Women should insist upon getting the medicine which has the best record, and which, they and every druggist in the land know, has no equal.

Miss Thompson's Pains are Cured.

"DEAR MRS. PINKHAM:—I want to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. For several years I had suffered with loss of appetite, nausea, vomiting, constipation, palpitation of the heart, headache, pains in nearly all parts of the body. My physician said it was only indigestion, but his medicine did not help me any. I began the use of your Vegetable Compound. I have taken four bottles and now those troubles are cured. I cannot praise it enough."—Miss BELLE S. THOMPSON, Box 14, Aushnet, Mass.

Just why Miss Thompson's physician diagnosed her trouble as indigestion it is hard to understand. This mistake, however, is frequently made. If you have any doubt about your case, write to Mrs. Pinkham, at Lynn, Mass., for her free advice. She will understand your symptoms at once.

Miss Scholtes Tells of Suffering Overcome.

"DEAR MRS. PINKHAM:—I write to let you know that Lydia E. Pinkham's Vegetable Compound has cured me of painful menstruation from which I suffered terribly. I really believe that I would be insane to-day if it had not been for your medicine. I cannot praise your Compound enough, and feel that if all who suffer from female troubles would put themselves under your care and follow your advice, they will find relief from their sufferings."—Miss K. E. SCHOLTES, Mt. Oliver, Pittsburg, Pa.

AMERICAN GIRL FROM CHINA.

Miss Doris Rich of Minneapolis Tells of Boxers.

Doris and Donald Rich, the 20-year-old daughter and 10-year-old son of Captain W. W. Rich, reached Chicago recently on their way from Tien-tsin to Minneapolis. Captain Rich is personal adviser to Li Hung Chang on railroads and consulting engineer of the Chinese government.

Miss Rich and her brother came from Japan on the steamship Empress of China, arriving in San Francisco a few days ago. They were the last Americans to see Mrs. Woodward and her daughter of Evanston when they left Tien-tsin for Peking. They were in China two years and were at Tien-tsin when the Belgian refugees came in, says the St. Louis Globe-Democrat. Asked what a Boxer was, Miss Rich said:

"Well, I had no intimate acquaintances among the Boxers. They are from the lower classes. The old heads among them when this trouble began to brew gathered together all the young men they could get and drilled them. They told them they, the leaders, were supernatural and that the foreign devils could not kill them. Then when the fighting came they put the boys and young men in the front ranks. Prior to the trouble breaking out we used to see them drilling near our home, but of course at that time we did not know they were getting ready to fight."

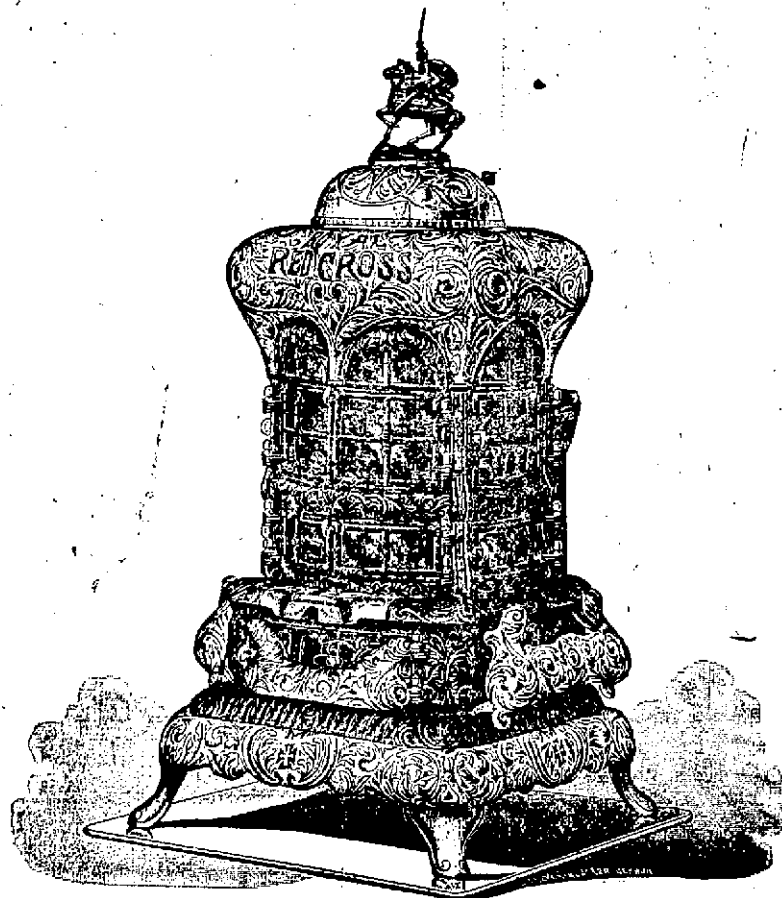

"The atrocities of the Cossacks in China are something awful. They kill Chinamen just for the sake of killing them and take babies from their mothers and play with them on their spears. When they get tired of that, they torture the mother and then kill her outright. They kill by sticking a spear into the victim and then turning it around."

"The heat the troops have to encounter is something terrible," continued Miss Rich, "and the soldiers won't be able to stand it for any length of time. The only ones who will not mind it are the Japanese, who are hardy, acclimated and great little fighters. They can carry 12 days' rations, because they live on rice mostly. While the Boxers hate the 'foreign devils,' they also hate the Chinese in other sections of their country and will murder them with just as much pleasure as they do the foreigners and Chinese Christians."

Captain Rich is under contract with the Chinese government and will remain five years more to complete his term.

Egyptians Can't See Cars.

The first four weeks after the opening of the electric railroad at Cairo, Egypt, not less than eighty persons were killed. Since that time the weekly average of victims is seven or eight. This high rate of casualties is due in part to defective eyesight—eye diseases prevailing in Egypt.
